Sir:

REMARKS

Applicants submitted an Amendment on January 6, 2010. However, Applicants noted that there is an error in the remarks on page 23. In order to aid in the Examiner's understanding, Applicants provide a correction here. The sentence on line 10-13 read as follows:

If minute powdery medicine was used with the device of Puderbaugh, even if modified as proposed by the Office Action, it would not work because the aerosolized liquid medicine would get stuck to the sides of the cloud chamber, for example.

However, this passage of the remarks should have instead read as follows:

If minute powdery medicine was used with the device of Puderbaugh, even if modified as proposed by the Office Action, it would not work because the ~~aerosolized liquid medicine~~ minute powdery medicine would get stuck to the sides of the cloud chamber, for example.
